

## Nomination Form for ABAA Board of Directors

In accordance with the Bylaws of the Air Barrier Association of America (ABAA), nominations for persons to be considered for election to the ABAA Board of Directors may be made by any member in good standing.

We strongly encourage colleagues to nominate a fellow professional to serve. We especially seek nominations of members who demonstrate and represent leadership in the industry, possess the ability to think strategically, and are dedicated to ABAA's mission and purpose. Specific responsibilities include oversight of ABAA's strategic direction and fiduciary responsibility.

**A person cannot nominate themselves**, however each nomination must be made by a member in good standing and the nomination cannot consist of more than one individual per Member Company.

The ABAA office requires a nomination form, signed by nominator along with three (3) additional nominators, ABAA members in good standing.

**A very important process to follow:** If you are nominating another professional, please check with the person to ensure that they are willing to run, and are willing to provide information requested in this form along with a bio and photo.

ABAA values and seeks leadership representing diversity in features such as race, ethnicity, gender, age, sexual orientation, nationality, ability, geographic location, and type of professional experience.

**Note:** Being nominated does not guarantee a position on the Board. In addition, election of candidates for the Board by the membership will take place to confirm all positions.

Thank you in advance for taking an active role in this year's nomination process.

---
