

ABAA Field Auditor Online Course Registration Form

Applicant Name:	Date:
------------------------	--------------

Course Description:

- The role of the Field Auditor is to perform quality assurance audits of air barrier assemblies on new commercial and institutional construction projects during installation. Inspect installation and review materials for compliance with specifications, ABAA requirements, and manufacturer requirements.
- Complete audit reports, document audits with photos, and address specific areas which have noted deficiencies and require corrective action(s).

Requirements

- Please follow the link below in order to review the auditor requirements and confirm whether this training is right for you:
<http://www.airbarrier.org/education/auditor-courses/>

Important Information:

- Students who cancel their registration with less than 5 business days' notice will not receive a refund.
- All students will receive a physical manual to study in preparation for the online exam.
- Those seeking certification will be required to write an online proctored exam which requires a webcam and microphone.
- An ABAA instructor will be available for a Q & A period following training. This will be determined on a "course to course basis."

Please Note:

- If you are attending for informational purposes only (i.e., **not** looking for certification), you are not required to pay the exam and licensing fee.
- If you are looking to be certified there is additional paperwork that must be completed and will be provided during training.
- Please complete one registration form per person.
- Payment must be received prior to the start of the course.
- Are you interested in conducting site project audits for the ABAA? Please contact our office for more information, requirements, and eligibility criteria. Email admin@airbarrier.org

I have read and understood all the information stated above.

Mandatory: Please complete the "**Payment**" section below – fees are referenced on second page of application.
